

BE104/2.5

FREE STANDING HUB WITH 3 X 750MM LEGS

Portable base for temporary masts where your vehicle can be used both as support and weight as anchorage. This unit is very quick to erect and so reduces time off the air. It is recommended that all portable masts are secured with guys. With this option all guys can be pre-cut making it quick and easy to erect.

Suitable for mast size 2.25" (57mm) to 2.7" (68mm).

Finish: Sherardized

Designed and Manufactured by BARENCO
