

GC-048

GC-048 YAESU HEAVY DUTY MAST CLAMPS

Yaesu GC-048 Heavy Duty Mast Clamps.

Mast clamps are required if the Rotator is to be pole mounted, or as replacement top clamps.

Note:- Pole size 48.3mm (1.90") to 63.5mm (2.5")

These are recommended for the G-2800 range but will fit all Yaesu rotator models.

These clamps are of a heavy duty cast aluminium and have 3 sets of bolts each side.
