

HYB10/065

HOOK BOLT 10MM X 65MM

Size: 10mm x 65mm. Not suitable for soft brick.

Hook bolts are not as strong as eye bolts but have a requirement for items with closed eyes requiring fixing to walls.

Engineering Bricks, Hard Brick, Stone and Concrete are good materials.

See " HYB10/065 Data Sheet " in small box above will advise hole size required.

Finish : Zinc and Yellow Passivate

For soft brick we offer Order Code : BE917/10 or 12 Sleeve Anchors, together with Order Code : BE925 Pulley Mounting Block
